Profile

I'm a Web Developer with over ten years of experience in building efficient web applications. Skilled in PHP, Symfony, Laravel and React, I focus on delivering high-quality solutions that improve user experience and performance. I'm proactive, always looking for ways to solve problems and stay ahead of the curve with new technologies. I work well with clients and teams, ensuring projects are completed on time and aligned with business goals. My resilience and ambition drive me to continuously learn and tackle challenges.
